

The Agency

Military Staff

Agency Operations

The mission of the Executive Military Staff is to prepare for immediate mobilization in the event of war or national emergency; to maintain peace, order, and public safety in the State in time of man-made or natural disaster or, when otherwise directed by the Governor; and to participate in the development and establishment of local, regional, and nationwide initiatives and programs.

The agency is directed by the Adjutant General who is appointed by the Governor. The Adjutant General is nominated as a Major General by the President, and confirmed by the United States Senate. The National Guard Program is financed with approximately 25 percent general revenue and state capital funds and 75 percent federal funds.

In FY 1997, the Rhode Island Emergency Management Agency merged with the Military Staff. Merging the two entities placed similar operations under one command, providing more efficient command and control in the event of an emergency and eliminating duplication of effort. The Emergency Management Program is funded with 97 percent federal funds and 3 percent state (general and restricted) revenue.

Agency Objectives

To maintain both the Rhode Island National Guard and the Rhode Island Emergency Management Agency as organizations capable of responding to statewide civil emergencies or natural catastrophes, as well as supporting the defense of the nation and national security interests.

To enable the State to assist local governments in disaster response and recovery operations.

To increase public awareness of natural hazards, risks, and actions to minimize loss of life or property.

Statutory History

R.I.G.L. Title 30, Chapters 1-14, and 28-30 and the Military Code prescribe the Military Staff's duties and functions. R.I.G.L. 30-15 created the Emergency Management function.

The Program

Military Staff Emergency Management

Program Operations

The Rhode Island Emergency Management Agency (RIEMA) is responsible for the planning and implementation of all hazard preparedness programs at the state level and for providing appropriate support to community hazard response activity. The Emergency Management staff works in conjunction with the Federal Emergency Management Agency (FEMA) and annually receives federal funds under the Emergency Management Planning Grant (EMPG), the Flood Mitigation Assistance Program (FMAP), the State Homeland Security Program (SHSP), the Law Enforcement Terrorism Prevention Program (LETPP), and other programs. The Community Assistance Program (CAP) channels federal matching funds to 19 communities in the State to support similar programs at the local level.

Emergency Management personnel maintain the State Emergency Operating Center complete with extensive telecommunications systems, and an automatic-start power plant which provides emergency electric power to the Operating Center at the Command Readiness Center, 645 New London Avenue, Cranston, RI. The Radiological and Communications sections remain in the sub-basement of the State House. Emergency Management staff operate a radio system, which expedites telephone calls made from disaster locations to all points, including FEMA. The staff also maintains radio communications with all political subdivisions in the State using the Civil Defense State Radio System in cooperation with the Rhode Island National Guard. The RIEMA also has developed an emergency radio communications system that allows all hospitals, the Department of Health, and Emergency Management to be on a private radio system. Emergency Management staff sustains the Emergency Alert System through periodic plan updates and system tests. A comprehensive State Emergency Operations Plan is maintained to respond to all types of disasters and includes a strategic plan, a capability assessment, continuity assurance of state and local government, local community emergency operations plans, a resource inventory, training, and mock disaster exercises.

Program Objectives

To maintain a high state of readiness for any disaster or major emergency through the State Emergency Operations Center.

To sustain qualified personnel ready to respond to emergencies and to assist local governments in disaster response and recovery operations.

To increase public awareness of natural hazard risks and actions that can be taken to prevent or minimize loss of life and property.

Statutory History

In 1973, the Rhode Island Defense Civil Preparedness Agency was created by R.I.G.L. 30-15, to replace the former Civil Defense Agency. Executive Order No. 83-5 (and a 2000 legislative amendment) changed the official name to the Rhode Island Emergency Management Agency.
